

Chaperone Policy

Thank you so much for volunteering to chaperone our band students. You are an integral and necessary part of this program. The following is a guideline for you to follow in assisting the staff and the students.

***Chaperones are required to be Level II Volunteers. You must have applied and been approved for Level II Volunteer by Greenville County School District. (<https://www.greenville.k12.sc.us/Parents/main.asp?titleid=volunteers>)**

1. Make sure to have a medical kit and medical forms for every student.
2. The role of the chaperone is not to enforce discipline but to ensure the safety of our students.
3. If there is a discipline issue, the staff should be notified immediately.
4. Students are coached and instructed as to the procedures at events. They are aware of what is expected of them. Please do not interfere with this process.
5. Couples are not allowed to sit together on the bus. No “PDA” at any time.
6. All school rules are to be followed. If there is an issue, please notify the staff immediately.
7. Make sure water is provided at every event.
8. Make sure students have food and/or money to eat with. Usually, the booster club will have extra food and/or money for students that have a need.
9. If the event is lengthy, make sure food, and/or snacks, and water is available.
10. Please allow student leadership to do their jobs.
11. Students must follow the expectations given in the band handbook.

Chaperoning an event does not guarantee you free admission.
